Foliboos Clear

Foliboos Clear is a plant liquid fertiliser. It aids the production of strong, healthy, plants more able to resist disease and can be used on all agricultural and horticultural crops. It is colourless formulation, can be applied freely on flowers, buds, leaves, branches or any parts of plant.

Foliboos Clear is a foliar fertiliser which contains a unique formulation comprising:

Foliboos Clear - vital component of ATP (adenosine triphosphate) driving physiological processes. Potassium - regulates cell water content and rate of cell growth

BENEFITS

Foliboos Clear aids the production of strong, healthy, growth and plants which are more able to resist disease.

Foliboos Clear can be used on a wide range of crops, including use with irrigation.

Foliboos Clear is fully systemic, moving both upwards and downwards in the plant (xylem and phloem mobile). The effects will therefore reach all parts of the plant, including older leaves.

Foliboos Clear is compatible with a wide range of agricultural chemical products.

Foliboos Clear is easy to use, with no phytotoxic effects as long as label rates are adhered to.
