

ALKALINE DEGREASER

(Contains Sodium Hydroxide)

Industrial Degreaser is formulated to remove heavy loads of combination soils (petroleum and particulate-based) without the use of harsh solvents. Perfect for "heavy" manufacturing such as foundries, tool and die, industrial equipment assembly, metal stamping and other manufacturing facilities where large amounts of soil are present. Clean fuel-oil burners, concrete floors, ramps, and runways, exhaust fans inside and out, hoods, R.V.'s., boats and more! Dilute with clear water (preferably warm water) by using chart below. Rinsing is not required when using with an automatic or ride-on scrubber. For general cleaning, all surfaces should be rinsed.

Soil Load	Mixing Ratio
Daily Soil	1:25
Heavy Soil	1:5
Extreme Soil	1:3
Pressure Washing	1:100

Formulated By: BSL

HEALTH EFFECTS

Swallowed: Extremely irritating capable of causing nausea, vomiting and server burns to the Gastro-intestinal tract.

Eye: Extremely corrosive to the eyes capable of causing damage to the eye and possible loss of sight

Skin: Extremely irritating capable of burning

Inhaled: Liquid and vapour is extremely irradiating to the upper respiratory tract

FIRST AID

Swallowed: Do not induce vomiting; give water or milk to rinse out mouth. Obtain prompt medical attention

Eye: Flush with water 15mins holding eye open

Skin: Remove clothing immediately, flush sin 15mins if swelling.

Redness or irritation occurs seek medical advice.

Inhaled: Move to fresh air and observe Obtain medical attention if effects persist

PRECAUTIONS FOR USE

Exposure Limit: Refer to ingredient list

Ventilation: General is adequate under normal conditions

Personal Protection: P V C/rubber gloves rubber apron safety glasses

Flammability: Not flammable or combustible

SAFE HANDLING INFORMATION

Storage and Transport: Store in a cool dry place

Spills and Disposal: Pick up spilt product with sawdust then rinse area

Fire/Explosion Hazard: No hazard
